DEATH CLAIMS 'AUNT LIZZIE' MORIARTY, 91

Mrs. Lizzie Moriarty, 91, well known and well loved woman of Mokena, died in her home early Wednesday morning after a few days of being ill with the flu. "Aunt" Lizzie or "Grandma" Moriarty as she was lovingly called, lived a happy and useful life all these years. For the past few years she was relieved from her usual household duties.

She was born in New Lenox township March 12, 1863, the daughter of Joseph and Winifred Fulton. At the age of 15 she was united in marriage with George Moriarty and two sons were born, Bert and Walter. They preceded her in death.

Mr. and Mrs. Moriarty farmed just west of Mokena until 1911 when they retired and moved to Mokena, where he died a month later. Mrs. Moriarty has lived alone except for about 10 years when her sister Mrs. Sadie Barber made her home with her after Mr. Barber's death.

During most of this time Mrs. Moriarty was confined to bed with a broken hip and "Aunt" Lizzie lovingly cared for her until her death a few years ago.

During these many years when shadows were cast across her life she maintained a marvelous Christian philosophy of happiness and good will.

Children of the community liked to stop and visit with her as she sat on the porch of her home on Front street during the summer. She was interested in everything in life, in national politics and affairs of her village. She was a member of the Mokena Methodist church and WSCS all these years. She always stated that hard work doesn't hurt anyone.

Survivors are three grandchildren, four great grandchildren, a brother, Sam Fulton, of Joliet, many nieces and nephews and a host of friends.

The body was removed to the Sonntag Funeral Home, Joliet, where services will be held at 1:30 p. m. Friday, with Rev. Hughes Morris, pastor of the Mokena Methodist church officiating. Burial will be in the Marshall cemetery west of Mokena.

Friends may call at the funeral home after 7 p. m. Thursday.

Annual Garden Walk May 22-23

"Springtime Comes to Winnetka", annual Spring garden walk will be held under the auspices of the Winnetka Garden club from 11 a. m. to 6 p. m. Saturday and Sunday, May 22 and 23.

Advance tickets may be purchased from Mrs. William L. Raub Jr. at Winnetka 6-2061 and will be available on the days of the walk at each of the houses shown, or at the information booth in the Chicago and Northwestern station, Winnetka.

Homes and garden to be presented are those of Mr. and Mrs. Rudy Ruggles, 2743 Illinois rd., Winnetka, and in Winnetka, Mr. and Mrs. William T. Bacon, Sr., 860 Auburn road, Mr. and Mrs. Denison B. Hull, 115 DeWitt rd., Basil W. Brown, Indian Hill rd., and Mr. and Mrs. Hill Blackett, 39 Locust rd.

Box lunches and coffee will be served at nominal cost in the home of Mr. and Mrs. Hull. Projects of the Garden club include Benton House settlement, Cook county hospital garden, civic planting and Downey hospital.

Mrs. Zink Hostess To Amvets Auxiliary

Mrs. Andrew Zink, Mokena was hostess April 15 to the regular meeting of the Amvets post 183 auxiliary. Mrs. Stephen Schwartz presided, and committee reports were approved.

The commander of the Five Points Amvets post has complimented the auxiliary on the wonderful job done in the recent minstrel show. Auxiliary members also extended thanks to everyone who attended and hope for an even bigger success for the next one.

Cake and coffee were served by Mrs. Jane Moore and Mrs. Betty Lake. The next meeting will be held May 20 in the home of Mrs. Zink.

The freshman class of the Silver Cross student nurses is collecting articles for an auction sale. They would appreciate donations of any kind, large or small. Anyone who has a contribution may call Doris Cummings at Mokena 4273.

St. John Youths To Tour Museum

A bus trip to the Museum of Science and Industry has been arranged for Sunday, April 25 starting from St. John's church at Mokena at 12 noon and leaving the museum at 5:30.

It is in charge of the Youth Fellowship, and young people interested should call Henry Clark Jr. for reservations.

Members of St. John's church will participate in the Spring rally and Fellowship of the Chicago area Churchmen's Brotherhood of Evangelical and Reformed churches to take place at 3:30 p. m. also on Sunday.

Speaker will be George B. Dewey, who as a free lance correspondent has interviewed scores of leading personages around the world, and who has been behind the Iron curtain several times.

The host church will serve a light supper.

WILL GIVE 2 DAY FARMALL POWER SHOW

A Farmall Power show, performing in the field, has been scheduled for Friday and Saturday, April 23 and 24, all day starting at 10 a. m. The location is two and one quarter miles south of U. S. 6 on route 45 just north of the WLS towers.

Farmall equipment to be shown are the Super MTA, the fast hitch Super C, the Farmall club, the Super H and the Super M, the latest in tillage, planting and harvesting equipment.

The event is being sponsored by the Goodson Farm Equipment sales, Tintley Park, Schmaedeke Implement, Orland Park, A. H. Meeter, South Holland, and Lemont Implement, Lemont.

Grace Hank Weds In Chicago Church

The Church of God of Prophecy at 59th and California ave. was the scene of a pretty spring wedding, April 10, when Grace Hank, daughter of Mr. and Mrs. Edwin Hank, Goodings Grove, Homer township, became the bride of Marshall Jones, son of Mrs. Dorothy Jones Lockport. The Rev. McDill performed the ceremony.

Attendants were Mildred Hank, sister of the bride, and Raymond Freckleton, friend of the groom. Ushers were Wayne McGrift and James Hank.

The bride wore a navy blue suit with pink and white accessories. Her corsage was an orchid and she carried a white bible. The bridesmaid wore a aqua suit, an orchid and pink accessories.

Mrs. Hank, mother of the bride, wore brown and beige with pink and white corsage while Mrs. Jones chose a beige suit and a similar corsage.

A reception for more than 75 people was held in the home of the bride's sister, Mrs. Marvin Wilder, East Fourth St., Lockport. The home was decorated in bows and streamers of navy, aqua, pink and white. A bountiful buffet supper was served from a lace covered table, centered by a four tier wedding cake served by Mrs. Raymond Hank, aunt of the bride. Mrs. Lillian Seelye poured.

The couple received many beautiful gifts. Guests were present from Hammond, Ind., Chicago, Orland Park, Joliet, Lockport and Homer.

Both the young people attended LTHS and the groom has recently returned from six years service in the Army. He is employed at the Nessler store Joliet. They are housekeeping on Chicago street, Joliet.

DEATH OF W. C. BROCKMAN IN JOLIET TUES.

William C. Brockman, 75, father of Mrs. John Scarth of Mokena and of Maynard Brockman of New Lenox passed away in his home, 301 Sherman street, Joliet, Tuesday afternoon after a short illness.

Mr. Brockman is quite well known in this area having been born in Green Garden township August 13, 1878, the son of Mr. and Mrs. Henry Brockman. He moved with his parents to Joliet in early childhood. On October 1, 1902 he was united in marriage with Miss Clara Thurm of New Lenox township, who also in early childhood moved to Joliet with her parents. They were able to celebrate their golden anniversary in 1952.

Mr. Brockman conducted a business in Joliet for more than 27 years from which he had been retired for many years. He has at all times been most interested in the affairs of the county, and city. For many years he had been Republican committee for his precinct and served 20 years as assistant supervisor for Joliet township which post he held at the time of his death. As supervisor he was chairman of the judiciary, insurance, forest preserve and real estate committees. When he was 28, he was tax collector of Joliet, at that time being the youngest to serve in that capacity.

He pioneered many civic causes among which he headed a committee who worked for, and obtained a state appropriation for free text books in Joliet public schools, the first of such in the state. He was serving his third term on the board of trustees of Silver Cross hospital. He worked for the establishment of the Sunny Hill sanitarium and for the Van Horn forest preserve near Mokena. He was a charter member of St. John's English Lutheran church in Joliet.

Surviving are his widow, four sons, Elmer, Clarence, and Harold of Joliet, and Maynard of New Lenox; two daughters, Marguerite Scarth, Mokena and Mrs. Wilbur Rapson, (Hazel), Joliet; and eight grandchildren. The body was removed to the Blood and Graat funeral home in Joliet, and will lie in state in the St. John's English Lutheran church Friday noon preceding the services at 2 o'clock with the Rev. William J. Boldt officiating. Burial will be in Elmhurst cemetery.

Little Oscar to Appear at Midwest

Little Oscar, popular radio and television personality, known as the world's smallest chef, will appear at Ray's Midwest store, 7800 W. Lincoln highway, Lincoln Estates, Saturday April 24 at 10 a. m.

Little Oscar will arrive in his grand Weiner mobile, which is a perfect replica of the famous Oscar Mayer Yellow band weiner, and is nearly 30 feet long. He will have souvenirs for the kiddies.

Little Oscar is known to his large number of friends as the world's smallest chef. He stands 4 1/2 feet tall and weighs a bare 80 pounds. However, Little Oscar is perfectly proportioned in every respect and comes from a family of normal size people.

The Weiner mobile is custom made and is mounted on a Dodge chassis. It is nearly 30 feet long and stands nearly 10 feet high at the highest point. It required several months to manufacture and represents an investment of close to \$15,000.

Mrs. Glenn Ferrell Named President Of Frankfort PTA

Mrs. Glenn Ferrell has been elected as president of the Frankfort school PTA. Mrs. Robert Schweizer is program chairman, Mrs. Herschel Patterson, treasurer, Mrs. Marion Bell, secretary, and Mrs. Robert Stadt, second vice president.

The regular meeting was held April 13, with Mrs. Wendell Morrison presiding. Mrs. W. V. Hedges showed motion pictures of a trip to Hawaii, and a skit "Spike Bones and his City Slickers" was given by pupils of the third grade. Hostesses were Mrs. Martin Miller, Mrs. W. H. Cave, Mrs. George Tate, Mrs. James Bell, Mrs. Walter Grotewald and Mrs. Robert Stadt.

A music recital with the entire school participating will be given May 14 at 7:30 p. m. May 25, a Martha Logan cooking school will be given in the evening. Tickets are available from all PTA members.

Carl E. Ries, past commander, Department of Illinois, will install the post officers with the assistance of the Blue Island VFW ritual team. Comrade Ries who comes from Aurora, has been the installing officer here several times in the past years. His many friends here will be pleased to see him again.

The new officers to be installed are:

Commander, Ervin Friant; senior vice commander, Adam Schneider; junior vice commander, Gordon Doctor; quartermaster, Clarence Zugenbuehler; Adjutant, Albert Wiese. Post advocate, Marshall K. Muller; Chaplain, Willard Scheiderer; Surgeon, Dr. W. H. Cave; Officer of the day, Larry Vaughn; Post service officer, Arthur Hurley; Trustee, Fred Steinhagen; Assistant quartermasters: Marshall K. Muller and Fred Steinhagen; Assistant adjutant, Robert Liess; Public relations officer, Glenn C. Peterson and Grave registrar, Fred Hentsen.

All organizations in the vicinity are most welcome to attend or have representation at this affair.

Infant Dies In Trailer Mishap

Funeral services for Robert, 8 month old son of Mrs. Willa Mae McCormack, Orland Park, were held Saturday in St. Michael's church. The Rev. Frank Coyle officiated, and burial was in St. Mary's cemetery.

The baby died Thursday when it rolled off a bed into a bucket of water. The mother was asleep but the accident was seen by four year old Jimmy, who has rheumatic fever and could not call out. The Orland Park and Tinley Park inhalator squads worked over the baby for two hours, and Dr. Gonzalez pronounced him dead. An inquest held Saturday in the Schmaedeke funeral home ruled the death to be accidental.

Mrs. McCormack, who is separated from her husband, has two other children, Charleen, 7 and George, 2. The family lives in a trailer parked next to her parents home at 155th st. and 116th ct.

PTA Potluck

A 7 p. m. potluck family dinner in the school gym will be the April meeting of the Mokena PTA Tuesday, April 27. Every one is asked to bring their own family's table service and a dish to pass. Coffee and orange drink will be furnished.

After the dinner Mr. Wratliff will award basketball letters to the boys. Gerrit Swart has announced that a comedy movie will be shown.

be Mrs. John Bettenhausen and Mrs. William Schellhase. They invite the public to attend.

Mokena Lions Will Attend Zone Dinner In Manhattan

Mokena Lions club members and their wives are planning to attend the annual zone ladies' night dinner dance May 8 in the Legion hall, Manhattan. Each club is contributing 50 cents per member to pay organizational and entertainment costs.

Tickets may be obtained from Ray Hoolehan, Hank Shevlin or Milt Geuther, and attendance is limited to 150 couples.

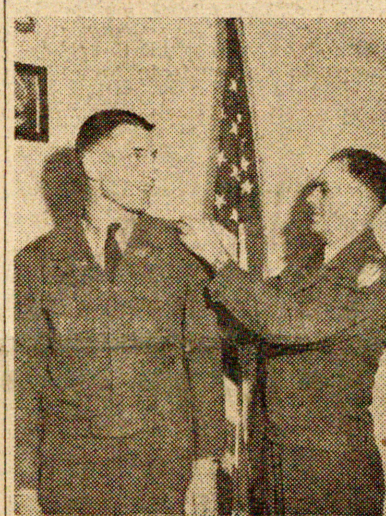

John Scarth, treasurer of the Lincoln-Way committee, has reported on the results made by Mokena in the recent broom campaign. They sold 63 large and 100 small rubber mats, 257 regular brooms, 77 heavy brooms, 24 toy brooms and 163 whisk brooms.

President Hoolehan has appointed this year's nominating committee, consisting of Lions Bob Olson, Milt Geuther, Fred Cappel, Harold Clarke and Everett Cooper. They will report on the slate at next Wednesday's meeting, at which time nominations may be made from the floor. Election will be held at the May 5 meeting.

Bill Blaha, chairman of the safety committee, reported that eight raincoats for the St. Mary patrol boys have been ordered. The committee is studying various types of warning signals for installation on Wolf road.

The executive board has a new meeting date, the Monday evening preceding the third Thursday of each month. The board has accepted an invitation to participate with other area Lions clubs in the annual industrial fair in the Joliet Memorial stadium.

Made Lieutenant

Gunter Thiel

Silver bars and the designation of second lieutenant have been conferred on Gunter L. Thiel, son of Mr. and Mrs. Ludwig Thiel, Mokena. Presentation was made by Col. Joe W. Burleson, vice commander of the Seventh engineer aviation brigade, in recent ceremonies at brigade headquarters, Rhein Main Air Force base, Frankfurt Germany.

Fire Destroys Auto in Joliet

The automobile of Robert Willett, Gordon st., New Lenox, was completely destroyed by fire early Monday as it was parked at 10 New st., Joliet, at the Gulf, Mobile and Ohio railroad freight office.

Firemen reported the cause of the blaze as unknown, but Joliet police, on Willett's complaint are investigating the possibility that it had been started deliberately.

Willett said that he does not smoke, and that it would have been impossible for anyone to accidentally throw a lighted cigarette as the windows were closed. He reported that three weeks ago someone had put sugar into the gas tank.

Charles Storz's to Have Open House For Golden Wedding

Mr. and Mrs. Charles Storz Thornton, will receive guests at an open house Sunday, April 25 in St. Paul's Lutheran church basement, Hunter st., Thornton in celebration of their 50th wedding anniversary. Relatives and friends are invited to call between 7 and 9 p. m. and are asked to omit gifts.

Both Mr. and Mrs. Storz were born in Orland Park. She is the former Mary Ebeling. They were married April 20, 1904 in Orland Park, and farmed there 25 years before moving to Steger, where they operated a gas station for four years. They moved to Thornton, and had a gas station there for 21 years, retiring April 1 of this year. They have three children, Melvin of Blue Island, Eleanor Spiess, Mokena and Erma Dieckman, Thornton.

PLAN CATHOLIC WOMEN MEET

The Spring meeting of the Will Grundy district of the Joliet Council of Catholic Women will be held Wednesday, May 17 at 1:30 p. m. in St. Bernard's parish hall, Sterling and High Sts. Joliet.

Guest speaker will be the Rev. John F. Kelly of St. Patrick's parish. Mokena, who will speak on the "Mahian Year" movie entitled "The Works of Peace" will be shown.

Mrs. John R. Barney, District president, will preside. Rev. Fabian Donlan, O. C. M. is district moderator and the Rev. Francis P. Blum, O. C. is the host pastor. Refreshments will be served by the hostess president, Mrs. Joseph Furdock and her committee. An invitation is extended to the clergy and members of parish units and associate organizations.

Meanest Thief

Last Sunday a New Lenox family living in Brookwood subdivision spent a good many hours planting bulbs, two bushels of them, around the yard of their home. After resting in their home for a short time they returned to the yard to survey their handiwork and found they had all been dug up and carried away.

Tracks of a woman and child were seen in the yard. Village authorities have been notified and are looking for the vandals. It is possible that they were not seen as the yard is covered with trees.

There is a heavy fine for this kind of stealing, and it should be stopped before other property owners suffer in the same way.

When people go to the trouble to beautify their homes not only for their own benefit but that of their neighbors, it is a criminal act to destroy the fruits of their work. It is hoped that New Lenox property owners will be alert to apprehend such wrongdoers.

Lois Sproat Weds Men From Joliet

Miss Lois Sproat and Durward Killinger exchanged nuptial vows in the Marley Community church at 12 o'clock, April 19, in the presence of their immediate families. The bride is the daughter of Mrs. Adella Sproat of Maple road, and the groom is the son of Mr. and Mrs. Louis D. Killinger, 510 Oneida st., Joliet.

Rev. Herschel Aseltine, pastor of the church, performed the ceremony. Appropriate organ selections were played during the ceremony by Mrs. Edward Sproat. Mr. and Mrs. Robert Sproat were the attendants.

A wedding dinner was served in the Louis Joliet hotel in Joliet. The newlyweds left on a short wedding trip in Wisconsin.

The bride is a fifth grade teacher in the Congress Park school in LaGrange. Mr. Killinger is employed by the Rand McNally company in Skokie. They are both graduates of the Joliet Township high school, the Joliet Junior college, and the University of Illinois. In the near future, they plan to reside in Joliet.

Schillings Open Remodeled Four Corner Restaurant

The Schilling Four Corner restaurant, corner routes 30 and 45 at Frankfort has reopened after remodeling and redecoration of the restaurant. The dining room has been enlarged to an 11 table capacity from a three table and is finished in knotty pine. There is also a large window across the front. The ceiling is beamed in colonial effect and decorated in cream color, making it a pleasant place to eat. They give 24 hour service.

The kitchen also is enlarged with a new stainless steel refrigerator.

125 Children Hunt Easter Eggs Sunday

The Easter egg hunt sponsored Sunday by the Mokena Lions was reported a huge success. One hundred and 25 children turned out to look for the 500 eggs which had been hidden and many adults were on the sidelines.

The gold egg was found by Daniel, nine year old son of Mr. and Mrs. Arthur Marshall Sunny Acres. He was awarded a parakeet donated by George Rinke.

The Mokena Fire department is again planning its annual dance and pinocle tournament to be held May 8 in the VFW hall, Wolf road.

This is the opportunity the Fire department gives to all in the area to "right about face" and answer its call. We should remember that there is no hesitation on their part in responding when we need them in case of fire.

Their service is always cheerfully and quickly rendered. No matter what the members are doing at the time of a call, they stop work and go.

A special problem has arisen to which they are putting forth a call for assistance. The money derived from their dances every year is saved against the time when a new truck will have to be purchased. Due to the large number of calls in recent months, they find they are in need of a second truck, preferably of the tank type. They should not wait until the present truck will have to be replaced to take this step.

The older residents and business men here, who gave so generously for the original truck, should not be asked to contribute again. New families in the community, who have entered so well into all our activities are being asked to make it possible to have this much needed additional equipment.

Ticket payments and donations may be made in Boleman's Drug store, at Cooper and Hostert or by mail.

New Tavern Owner at Mokena

Mrs. Dorothy Andree and husband from Oak Lawn have purchased the tavern corner LaPorte and Wolf roads, Mokena from W. Crowder. The Andrees have moved into the living portion of the tavern and the tavern is now open for business. The place will be known as "Dotty's Lounge". This is the former Robinson's tavern.

Home Bureau to Hold May 21 Tea For New Members

Mrs. Robert Fitzer announced a total membership of 582 in the Will County Home Bureau at the April 12 meeting, and stated that a new members' tea will be given May 21 with Martha Crane of WLS as the featured speaker.

Mrs. Ray Cann, county recreation chairman, with the assistance of Mrs. C. E. Deutschmann of Elwood, Mrs. Ray Walsh, Frankfort and Mrs. Clarence Luther, New Lenox, is planning a tour to Holland, Mich. during "tulip time".

Members will visit the famous city for two days, May 14 and 15 just at the peak of the annual festival there. Reservations may be made at the Home Bureau office in Joliet. The cost will be approximately \$10.50.

Present arrangements call for the group to leave from the Home Bureau office at 7:30 a. m. May 14 and return about 8 the following day. The group will stay overnight in the Macatawa hotel.

The next meeting of the executive board will be a special meeting in the Home Bureau office on April 29 at 9 p. m. An advisory council meeting will also be held. Program planning meeting will be held for all board members, unit chairmen and program chairmen under the direction of Miss Gertrude Kaiser of the University of Illinois to plan the program for the coming year.

To Fete Mrs Hansen With Open House

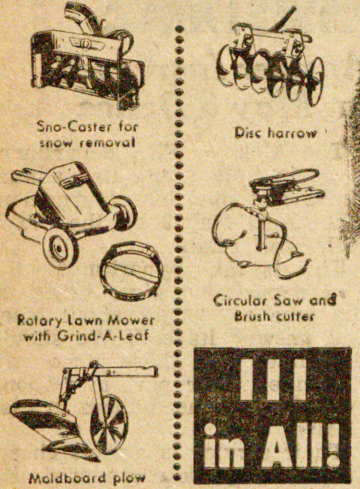

An open house will be given for the 88th birthday of Mrs. Clara Hansen, 1000 Richard st., Joliet, from 2 to 4 and 7 to 9 p. m. Sunday, April 25 in the home of her son, William Hansen, 212 Hickory street, Frankfort.

She was a former resident on a farm near Frankfort, and has lived in Joliet for 25 years, the last two with her daughter, Mrs. John Hossbach. Other children are Mrs. Lydia Nieland and Albert Hansen of Joliet.

GOLDEN BIRTHDAY

In celebration of her twelfth birthday last Monday, Edna Moberg entertained the sixth grade class from Reed school in her home in the afternoon. An Easter egg hunt was a special feature, taking place on the lawn. Refreshments and gifts followed with Mrs. Moberg and Mrs. Edna Mergler directing the proceedings. A good time was had by all.

Forest Preserve Dist. Offers Schools Many Opportunities

The Forest Preserve District offers many priceless opportunities for the schools of Chicago and suburban Cook County. Nowhere on this continent is there such a great area of publicly owned native landscape so easily accessible and devoted to the education, pleasure and recreation of the people. The interiors are truly wild and remarkable for wealth and diversity of their plant and wildlife populations. The District is a 40,000-acre sanctuary and laboratory for field trips, nature study and outdoor education. Its educational program is designed to inspire and assist such use by the schools.

These weekly nature bulletins, for instance, are effectively used by most teachers in classroom work and for reference. On the basis of one copy for each teacher in the elementary grades and one for each biology teacher, they are mailed to every parochial school and every suburban and rural school in Cook County. The Chicago public schools should receive many more than the 4,000 copies we deliver to the Board of Education, and it has been urged that they mimeograph and distribute the requisite number.

since our present weekly production of 15,000 copies cannot be materially increased.

From mid-October until mid-April, naturalists are available for school assembly programs. There is no charge. A program ordinarily begins with a brief talk on how to use and enjoy the preserves, followed by about 22 minutes of superb movies, in color and sound, on wildlife or natural history subjects suitable for the grade levels of the pupils. During the remainder of the period the naturalist answers questions for the audience. Appropriate programs are available for high school assemblies.

Since there are over 700,000 pupils enrolled in the schools of Cook County, it is obviously impossible for us to conduct field trips for lecture to, or otherwise deal with individual classes. That is a responsible function of the schools. However, many teachers do not feel competent to teach natural science and are understandably reluctant to attempt field trips. There is increasing demand for courses which will train them to do so.

This department has conducted such courses for groups of teachers, including one each autumn for students at Chicago Teachers College. Two suburban school districts have given their teachers outdoor training at our Camp Sagawau, assisted by our staff. Other districts and two Chicago schools propose to do so. This camp will be occupied during part of each summer by Chicago Teachers College offering two week courses to successive groups of teachers for college credit, followed by groups of Catholic science teachers for the same purpose.

Our Trailside Museum at Thatcher Woods, in River Forest, with its many exhibits of live animals native to this region, is extensively used by busloads of school children on scheduled trips. Another nature center, "The Little Red Schoolhouse", located in the Palos preserves, will be completed this year. With its nature trails and exhibits, it will be devoted largely to use by teachers and their classes.

We have assisted in the conduct of experimental in school camps to demonstrate how, by conducting field trips, more natural science may be brought into the classrooms.

We invite further inquiries and greater use of the forest preserves.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Congress is now considering what is termed greatest forward step for the welfare of independent business ever undertaken in the Republic's history.

Senator Edward J. Thye (Rep., Minn.) Select Senate Small Business Committee Chairman has introduced Senate Resolution No. 213 to make this committee a standing committee.

In discussing this proposed action a review of history and Congressional procedure is enlightening.

There are 15 Committees known as Standing Committees, clothed with legislative authority. In actual practice, standing committees decide on proposed legislation. Unless a bill is approved by the proper committee, it seldom has a chance of getting passed.

There are also other committees, some permanent in nature, such as present Senate Small Business Committee. But these committees, while they investigate, have no legislative authority.

For more than four years the permanent Senate Small Business Committee has performed brilliant work. Shortly after it was organized as a permanent committee the Korean War started, and it is the belief of many that during the critical period of material allocations and priorities, American small business might have succumbed if it had not been for the outstanding work of this committee.

As a comparison Agriculture not only is represented by a cabinet officer, but also by Standing

Agriculture Committees in both the House and Senate. Any bill affecting farmers must first be examined, investigated and voted on by these committees.

Yet, according to last Commerce Department report there are only 3,700,000 farmers and farm managers in the nation, while the number of small or independent business enterprises is placed at 4,000,000.

Labor is another Standing Committee which deals with all legislation affecting labor.

Actually, the only important segment of the American economy not given safeguard of Standing Committee is independent small business, yet not a week passes that a bill is introduced which has a vital effect on the welfare of small business.

It is to the credit of the Select Senate Small Business Committee and its counterpart in the House, that more legislation detrimental to independent business welfare has not slipped through the last four years. But only by vigilance and hard work have these committees performed so much service for the nation.

It is also a tribute to the fair viewpoint toward independent business problems by Congress as a whole, that recommendations of the present committees have been considered before final voting on the floors.

However, the welfare and interests of the nation's 4,000,000 small business firms is felt to fully merit the attention of a standing committee.

Therefore, approval of Senate Resolution No. 213 will give American small business the security of the legislative level which modern conditions necessitates with a standing committee as a full fledged watchdog.

After extensive surveys into the commendable achievements of women in the field of traffic safety, I feel the time has come to toss a bouquet to the men for their own worthwhile contributions.

I refer to the widely-increasing use of reflective bumper tape to decrease the hazards of nighttime driving. This important contribution to safer driving has come about as a result of the nationwide community service program sponsored by

Junior Chamber of Commerce locals and other national civic and fraternal organizations.

The Jaycees, for instance, have declared community "Light-A-Car" and "Light-A-Bike" days during which they promote and sell reflective bumper tape or "glow tape." Their purpose has been two-fold—to reduce nighttime traffic accidents and to raise money for their innumerable charitable causes.

One inch wide and available in red, orange and yellow colors, the tape can be attached to the bumpers of cars and bicycles. Once attached, it reflects sunlight or headlights and serves as a warning to approaching motorists.

Statistics gathered by the Junior Chamber of Commerce reveal that use of this "glow tape" has resulted in a considerable decrease in the number of nighttime accidents. Over 1400 Jaycee locals ran campaigns to promote usage of the tape during 1952. Tests completed during the past winter proved the tape to be a terrific safety factor in nighttime driving. In one Southern city, the extensive use of reflective tape reduced the number of nighttime collisions by 85 per cent.

Women motorists, let's give a kudo to the men for their commendable civic enterprise in the field of traffic safety.

GM Motorama At International Amphitheatre Sat.

The spectacular GM Motorama of 1954 is now under way in Chicago for the first time.

Admission free, the Motorama will be here through May 2 at the International Amphitheatre 42nd and Halsted Sts. Opening April 24, the huge exhibition features: A Broadway produced musical stage and fashion show presented three times each afternoon and three times each evening.

GM's famous gas turbine Fire bird, first car of its type produced and tested in this country.

11 other new experimental "dream cars" ranging from sport convertibles to a station wagon.

The Kitchen of Tomorrow, by Frigidaire, with such advanced design concepts as cupboards that open at the wave of a hand. More than 125 research and engineering exhibits including an actual production line from an automotive parts factory and an aircraft engine that may power airliners of the future.

The show is open to the public from 10 a.m. to 11 p.m. daily except Sunday when it begins a noon.

THE BIBLE SPEAKS

International Union Sunday School Lessons
BY DR. KENNETH J. FOREMAN

Revolution

Lesson for April 25, 1954

VERY few people in America can logically say they believe that revolution by force is invariably wrong. On the contrary, some of the most distinguished and respected Americans, both men and women, are proud of the letters "S. A. R." and "D. A. R." Sons and Daughters of the American Revolution. If revolution was always wrong, then our country started on the wrong track to begin with, and we should be still a part of the British Empire. (The question might be asked, whether that Empire would have gone as far as it did and been as strong as it was, if it had not learned the lessons Dr. Foreman which only the American Revolution gave it. But that is another story.) The Bible tells the story of a revolution which had the full approval of a prophet of God. In fact, one of the prophets gave the chief revolutionists the idea.

Preacher Meets Rebel

Prophets in ancient times were something like preachers of these times, with two important differences. Prophet and preacher both speak for God to men. But the modern preacher has a church; the prophets had no established church, no chapel. They could not so much as rent a school-room or a theatre as preachers sometimes have to do. The prophets had to say their say wherever and whenever they could. There was no "regular eleven o'clock service." The other difference was that while the modern preacher likes to have a large church full of people to preach to, the prophet of olden times did not always (perhaps not usually) try for large crowds, but rather picked their listeners very carefully. They would be content with an audience of one, provided the one man was the right man. So the prophet Ahijah met a young man named Jeroboam alone one day, and gave him the idea that changed the lives of a whole nation. Tearing his long cloak into a dozen strips ("Is the man crazy?" Jeroboam must have thought, for the cloak was brand new), he invited the younger man to take ten of the pieces. The ten strips were ten "tribes" of Israel, and putting them into Jeroboam's hand meant that he was to be the leader of the revolution and secession which would tear those tribes away from the then united nation. The preacher, in short, was inviting and inciting rebellion and revolution.

When Is Revolution Necessary?

It is not the first time that preachers have been on the side of the revolutionist. In the American revolution some churches, among them the Presbyterian, were so active in promoting that revolution that when British soldiers searched the houses of citizens suspected of revolutionary tendencies, if they found in the house a copy of the Presbyterian hymn book or catechism, the evidence was considered sufficient to make arrests on the spot. This raises a serious question. Why is it that churches and preachers, which are generally conservative and teach and preach patriotism as a Christian attitude—why is it that they have ever supported revolution even by violence? Over in England a famous convention of preachers and other religious leaders in the year 1648 wrote it into their creed that "it is the duty of people to pray for magistrates (they meant the government in all its branches), to honour their persons, to obey their lawful commands, and to be subject to their authority." Yet in the very next year, 1649, some of those same religious men took off the head of King Charles I. How can men who believe that obeying laws and authority is a Christian duty, also become revolutionists?

For the People

Revolution is not something for every day or every generation. It is a desperate last resort. But as in the days of Ahijah, so since then it is true that a government which ceases to be of the people, for the people and by the people, has forfeited its right to respect. The reader of I Kings will discover a gem of wisdom in what the old counselors said to the young Rehoboam: "If you will be a servant to this people today and serve them... then they will be your servants forever." Rehoboam turned his back on this wisdom, looked on his royal power as a means of tyranny; and so Jeroboam's revolution had an easy victory.

Peotone Seniors to Stage Class Play

The senior class of the Peotone High School will present its annual class play, "Room for One More," in the school gymnasium at 8 p.m., Friday, April 23. According to the director Mable Martin, this year's play

depicts the heart warming lives of the Rose family members, their joys and sorrows, which provide an evening of delightful entertainment.

Members of the cast are Beverly Meyer, James Hart, Shirley Strubhar, John Fahs Jr., Dona Condon, Bette Stassen, Joyce

Pauling, Betty Rehberg, Helen Albers, Lois Robbins, Warren Beckman, and Gaylen Broadrick.

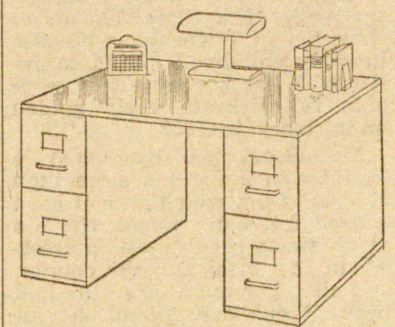

Carol Knickrehm is the assistant director and production manager, Kenneth Andres is the stage manager, and Loretta Rubbeck is publicity chairman.

Business Center in Home

HOMEMAKING is a "business," and it could be kept in a more businesslike manner if there were a desk and files. Every family needs such a center for the household's business operations.

You needn't even purchase a desk. Just take a couple of old filing cases, add a piece of smooth-surfaced Masonite Presdply, three-

quarters of an inch thick, for a top, and your "home office" is practically ready for use.

Presdply is a versatile panel which is unusually strong. Its smooth surfaces of Tempered Presdply are long-wearing—so tough, in fact, that many factory workbenches are covered with it. The surface may be treated with a penetrating sealer or varnish; if you like, it may be primed and painted.

In putting this simple desk together, have the Presdply cover both filing cases, leaving a 24-inch space as leg room. Drill holes in the tops of the cases—one at the front and back of each, at the extreme outer edges—and fasten the top by applying wood screws from underneath. Wood molding, available at the lumber yard that furnishes the top, may be attached with finishing nails around the edges of the top. Varnish, stain or paint the molding.

BABSON SAYS—

It is sad that men of equal experience and intelligence so totally disagree as to the outlook for 1954. I am one of the few who believe that at least the first half of the year will be fairly good.

Business is partly, but not wholly, a psychological affair. Constructive thinking aids both business health and our physical health. Too many people are optimistic or pessimistic due to their physical condition, to the newspaper headlines, and to what radio commentators say. But these men may guess at their conclusions.

Most people think that stocks go up when there are more buyers than sellers, and more down when there are more sellers than buyers. This is a totally wrong belief, as there can never be a seller without a buyer, nor a buyer without a seller. Stocks go up when people are more impatient to sell than to buy, and stocks go down when people are more impatient to buy than to sell. The same principle applies to general business, real estate sales, and even wages. The impatience to buy, or sell, determines prices. Impatience to sell, followed by impatience to buy, causes Business Cycles.

No one as yet has discovered how to measure mass impatience. Photographers claim they can do it by photographing and studying the faces of people on the streets, or in stores, or at public gatherings. Physicians claim they can measure the relative impatience of their "patients" who call upon them. The Dow-Jones theorists think they can determine the relative impatience of people by a study of their charts; but I have never found any chartists who became rich by such a study! Statisticians hope that the mechanical brains being developed by the International Business Machines Corporation, or Remington Rand or National Cash Register Co., will solve the problem. I, however, have more faith in the work of Dr. Ernest Furchtgott, Professor of Psychology, Univ. of Tennessee, Knoxville, Tenn. Our brains, hearts and other organs are constantly sending out electrical waves; perhaps our entire body is sending out such waves. It is entirely possible that our impatience, ambition, self control, worries, courage, and even spiritual factors (which are forces that make for prosperity or depressions) could be ascertained by studying the electric waves or chemical compounds which our skin is constantly throwing off. If it is possible to diagnose individuals individually, we should be able to diagnose a community en masse. I forecast this will be done some day, first analyzing the PH of the sputum of the group.

Television broadcasting stations are now sending waves into our homes. By studying the faces of speakers, when unconsciously in repose, it may be possible to know their character and attitude toward life. This was well illustrated by Senator Estes Kefauver's Crime Hearings which were shown two years ago on television. Now let us assume that a leading broadcasting station temporarily shuts down daily for two minutes and that every public group becomes a sending station and broadcasts its own bodily waves, greatly amplified in power. These could be collected by this broadcasting station, which could temporarily become a receiving station. If these mass waves can be interpreted, it should be possible to forecast business conditions with accuracy, barring an unforeseen catastrophe.

If the combined analyses of all sections showed the nation to be frightened and impatient for security only, then a business decline may safely be forecast. So long, however, as these people are throwing off optimistic waves or normal skin reactions, then continued prosperity can be assured. All authorities could then agree as to the future. From the poll of 970 leading newspaper publishers which we took in December, we concluded that less than 5 percent of

the people were then discouraged. Hence, we cannot now be pessimistic about 1954.

Chief Moore Attends Springfield Forum

Police Chief Harold Moore of Tinley Park attended the Illinois Association of Chiefs of Police forum in Springfield April 7 and 8.

Purpose of these quarterly meetings is to unite in various legislative measures beneficial to policeman and present them to Congress, also to benefit by discussion of various problems pertaining to the police force.

Speakers were Lathan Castle, attorney general, State of Illinois; Chief Michael Ahern, traffic division, Chicago; Phillip Britzke, deputy commissioner of Chicago police and George Ottlew, Chief of Police, Chicago Park district.

Opportunities for permanent jobs as postal transportation clerk have been announced by the Civil Service commission.

These jobs were formerly known as railway mail clerks. As youngsters no doubt many watched the trains go by and longed for the time when they

would be big enough to have one of those jobs handling the mail on the trains. That opportunity is here.

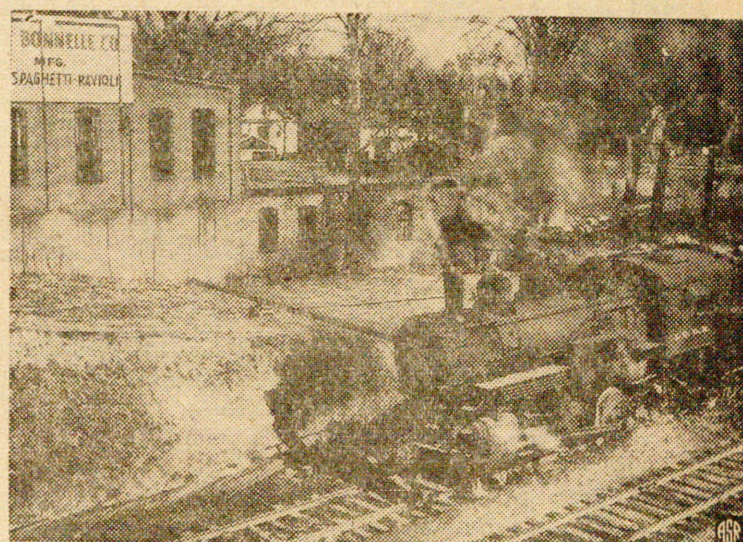

Information as to applications is available at any post office. Ask your postmaster, or write the director, Seventh U. S. Civil Service region, New Post office building, Chicago 7.

A storage lake of 240 million gallons of water serves a giant Midwest coal preparation plant.

Coal reserves account for 92 percent of the nation's total mineral fuel resources.

An estimated 75 or 80 percent of the European demand for U. S. coal is for metallurgical grades.

MOST ADVANCED HYDRAULIC SYSTEM IN ANY TRACTOR**NEW FORD TRACTOR**

Now, in the new Golden Jubilee Model, Ford Tractor engineers have carried a time-proved hydraulic system to a new high in speed of response, lifting power, dependability and wide usefulness.

This Live-Action hydraulic system gives almost instant action at all times when the tractor engine is running. It handles larger implements and heavier loads. And, with Hy-Trol, it acts even faster when desired. Also possible is an almost unlimited variety of remote cylinder* operations. In addition to all the time-proved advantages of the Ford Tractor's built-in hydraulic system, you get a choice of hydraulic speeds, quick hook-up, smooth operation of remote cylinders* and the ability to handle bigger loads.

The more you learn about the new Ford Tractor the more you will find that it can bring new ease and speed to your farming—new economy, too. Come in—look it over!

Easter and The H-Bomb

Coventry, a small city in England, was laid flat by German bombs during the last war. It is reported that when the civil defense corps of Coventry heard of our recent explosion of the H-bomb and its devastating power they disbanded. There is no defense against the H-bomb. The elimination of all mankind is possible.

Two weeks ago in Washington a senator said, "People ask me, 'Senator, why isn't there more done about the atom bomb?' but what can I do about it and what can I discuss?"

Perhaps never before have so many felt so helpless about a possible catastrophe. The consequences of hydrogen war are could be all-enveloping and final.

At no other season is a discussion of the meaning of the hydrogen age more appropriate than at Eastertime. There was

injected into the human level a life principle which aimed at the conservation of all human values. The man from Galilee Jesus, said, "I am come that the might have life, and have it more abundantly." He asserted, "I live, and ye shall live also." Easter is the assertion of life not of death.

The difference between the H-bomb which was made by man, and the resurrection which is a work of God, is that the man made thing can destroy man, while the resurrection indicates that God, and God alone can solve man's problems.

Man has seldom refrained from putting the implements of destruction to full use. When man believes that he is threatened, he will in a moment of fear or anger or hatred, ignore the consequences and plunge into what appears to be the most expedient activity.

The best reasoning of man is foolishness if the mind is not transformed by the impact of the Almighty. Instead of faith in himself the redeemed man has faith in God; instead of fearing himself and his own creations he is concerned with the judgments of God; instead of trembling before the power of the H-bomb the redeemed man is awed by the power of God.

The H-bomb teaches us nothing new, but it does restate the problem of man with his self glorification, his narrow loyalties, his distorted prejudices and

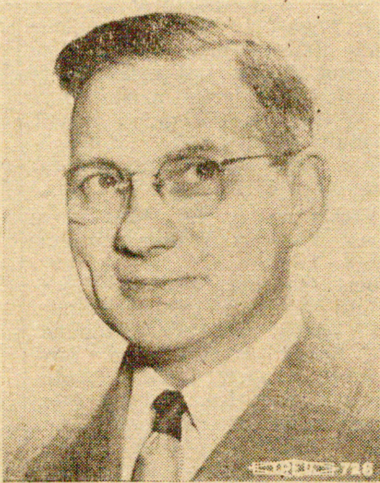

his hatred against his brother in dramatic and urgent terms. Man has long known, but seldom admitted, that he is his own worst enemy.

The purport of Easter is twofold. The crucifixion teaches us that we violently reject God; the resurrection tells us that God is at the center of the universe that he is always with us, and that we must respond to his redeeming grace.

—Excerpts from Religion at the News Desk.

The hope of reward—profits makes men take risks, spurs them on to think, plan, work. The hope of profits has helped build our economic system of 4,000,000 business and industrial firms. Speaking of "profit"—the word comes from the Latin word "profectus," meaning advancement or progress.

To be sure, we'll keep on being good friends and neighbors all the rest of the year—but the week of April 26 will be specially observed as United States-Canada Good Will Week. Kiwanis clubs, sponsoring the week, will exchange speakers across both sides of the invisible line—that undefended 4000 mile border.

Hustler's 4H News

The monthly meeting of the Tinley Hustlers 4H club was held in the home of Phyllis Nieland. Edward Siemen acted as president due to the absence of our president, Eddie Kujawa. There is going to be an offic-

ers training school at the Farm Bureau office, April 20, at 8 p.m. a baseball game between Worth while 4H club and Tinley Hustlers is to be scheduled.

A demonstration was given by Melvin Keith on different kinds of woods, Richard Wille, on how to build a bird house; Thomas Krueger, now to build a wooden rabbit, and Walter Wille on plastics.

Allen Krueger gave a talk on rabbits, and LeRoy Bormet on choosing breeding stock. Rabbit diseases was the subject of Alvin Willie's talk. Merle Bettenhausen told how to raise a good litter of rabbits.

Phyllis Nieland demonstrated how to knit. Warren Schultz told how to raise a good crop of corn.

The next meeting will be held at the home of Eddie Kujawa. May 10, at 8 p.m. The recreation committee supplied games for the club. Refreshments were served by Mrs. Nieland.—Teddy Siemen, reporter.

So this is HOUSEKEEPING

BY SHIRLEY STUART
This do-it-yourself bug finally bit me. Or rather, I should say, it bit us. If anyone had told me a month ago that Jeff, my husband, and I would undertake to build a room for Betty in the attic space I would have called them crazy.

I got the idea when I was shopping with Jeff. He wanted to cover the garage with something called siding. While he was looking over his garage material I wandered through the building supply store and became intrigued with some interior finishes called Celotex tile board and finish plank. The designs and colors fascinated me.

When Jeff had bought his siding the dealer came over and began to explain what these finishes were. Said they come in different widths and lengths all ready to put up. Said almost anybody could have new walls and ceilings with little effort and with small expense. I said, "I couldn't." Jeff said, "Why not?" I said, "Because I don't know how. And besides, where would I use it?" The dealer said, "Maybe your husband will help. It doesn't take an expert carpenter." Jeff said, "We could make a nice room for Betty."

Now that the job is done I think I could almost have done it myself. Betty is deliciously happy with her own new room. The materials that made the job so easy cost less than her bicycle. Jeff and I are pretty proud of our ability as interior decorators!

From where I sit... by Joe Marsh

So They Stopped Baiting Each Other

If you want to hear a real hassle, listen to Cob James and Whitey Baker on trout fishing sometime. You'd think it was more important than anything.

Cob favors dry flies. Whitey pooh-poohs anything but wet flies. Cob swears by a Fan-Wing Royal Coachman; Whitey won't hear of anything but Silver Doctor. And so it goes—they can't even get together on steel rods versus bamboo rods.

But on Saturday, each got back from Fox Creek with a catch that couldn't have differed by more

than a couple of ounces! Then over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, life would be a whole lot pleasanter if we all respected one another's opinions—whether about trout flies, or having a glass of beer, or voting. After all, a person has a right to follow his own line of thinking.

Bremen High Scores Over Orland-Palos

Facing Bremen High school on their field, the Orland-Palos High school baseball team, coached by John Jorstad, met defeat in the first game of the season on April 13.

Although Ronnie Weingartner did a fine job of pitching, The Eagles of Orland-Palos were not able to keep up with the Bremen nine, who finished with 9 runs, 9 hits, and 3 errors. The Eagles had 5 runs, 7 hits, and 1 error.

Announce 1953 TB Sale Total

The fiscal year for the Will County Tuberculosis association ended March 31. Dr. Gordon Richards, president, reported that \$30,462.80 was raised thru the sale of Christmas seals in the 1953 campaign. Of this amount Frankfort township contributed \$853.17 and New Lenox township \$587.16.

Announcement was also made of the annual meeting and dinner of the association in the Ottawa Street Methodist church, 19 West Cass street, at 6:15 p.m. April 28. Dr. T. J. Wachowski, radiologist for Copley Memorial hospital, Aurora, will be the guest speaker and will discuss the Hospital Admission X-Ray Program.

All those interested are cordially invited. Reservations must be made at the association office, 25 N. Ottawa st., Joliet, no later than April 26.

Among other wonderful things going on in our land these days is the record number of new homes that people can buy and

enjoy. There have been built a most 3,000,000 new houses in the last 7 1/2 years—a new house for one American family in every five. We are becoming a nation of homeowners.

Softly falls the rain of Spring (Ad then again it pours!) While the poets rhyme and sing About the coming flowers. Though I try to join their song And not unduly fret, Seems to me it lasts too long And gets me awful wet!

Tie Lore

HOW TO CLEAN A TIE

If a favorite tie becomes soiled and you've retired it to the back of your rack, here's a sure fire way to restore it to the front rank again:

Work up a head of steam on a tea kettle. Then hold the soiled area of the tie directly in the flow of the escaping steam. This loosens all embedded dirt. Then rub the soiled spots with any good cleaning fluid, and the job is done.

Many a tie can be restored in this way. And it's worth the effort, if you bought a well-made tie. Just make this simple test the next time you shop:

Flip back the folds, hold the loose dangling thread —try to push the fabric along the thread. If the fabric slides up and down, it's a slip stitched tie.

Be sure that your ties are slip stitched — they will look better, tie better, and keep their shape longer!

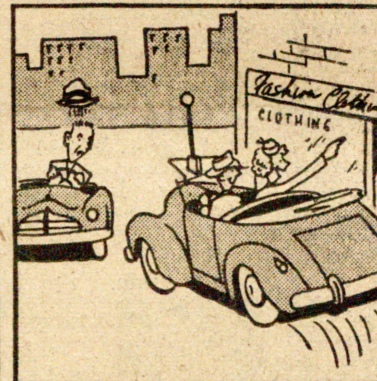

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

This year's new spring driving may be very interesting. But however much you want a new hat or sport shirt, don't do your window-shopping while driving your car. If you do, your costance may suffer principally of a planner and gauge.

Park your car and do the window-shopping on foot. You'll see more that the merchants have to offer, and you won't have to include new fenders or insurance policies on your shopping list.

Driving requires all of your attention, especially in the business

districts of towns or cities. Too many dangerous situations can develop in a split second's time to allow you to take the chance of letting your attention wander.

Pedestrians may cross the street in the middle of a block, a parked car may suddenly shoot away from the curb, the car ahead of you may stop suddenly, or someone else may be window-shopping while driving and you will have to get out of his way. If you are paying attention to your own driving, you are much better prepared to avoid the trouble resulting from any of those developments.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

MR. FARMER
TINLEY PARK AREA

Dear Sir:

It's the season of the year to think of that old farm truck of yours. Nearly every farm hauling job could be done easier with the proper size 1954 Ford truck.

The 1954 Ford truck line has been expanded this year to include trucks from the F-100 Pick-up to the F-900 "Big Job." There is a very large selection of engine types, engine sizes, transmission types, tire sizes, truck accessories.

These Ford trucks are made in many chassis lengths and includes standard, Cab over engine, and Tandem wheel models. There are many heavy duty accessories if your hauling job is "real tough."

A look at the Custom Driver-ized Cab will convince you that every farm job would be easier with a Ford.

CARD OF THANKS

I want to thank Milton Bettenhausen and Elsie and Howard Beagley who assisted me before the arrival of the doctor when I was taken suddenly ill also the many good friends and neighbors for their help, the cards, gifts and flowers at Easter from Rev. Riemann and St. John's church.

FRANK SIEVERT

CARD THANKS

The family of the late William C. Hecht wish to extend their sincere thanks to their friends and relatives for their kind expressions of sympathy shown them in their recent bereavement.

THE FAMILY

Miss Beverly Schultz, teacher in Orland high school, who makes her home with Mrs. Jess Sippel, left Thursday to spend several days with her parents in Milwaukee, Wis. She returned Sunday with her parents where they motored to Mokena.

Mrs. Lydia Ryan entertained in her home Saturday in observance of her birthday. Present were her sister, Mrs. Louise Schweiser of Joliet, Mrs. Rosa Bechstein, Mrs. Paul Mapes, Mrs. Donald Moran, Miss Marguerite Schweiser, Joliet and Mrs. Carrie Yunker and Mrs. Ludwig Thiel, Mokena.

Mrs. Dean Gillett and Mrs. Frank Marshall of Lockport, mother and sister of Mrs. Lester Schiek will return Sunday from a three week vacation spent in Miami and Ft. Lauderdale, Fla.

Mrs. Doris Moutray and Miss Dolores Cooper entertained at a surprise kitchen shower in the latter's home Saturday afternoon in honor of Miss Pat Perley and her approaching marriage to Mr. Lloyd Spiess. The table and bride's chair were decorated in blue and white, the honored guests chosen colors.

Games were played and prizes went to Mrs. Clara Yunker and Mary Ann Rinke. Duplicate prizes were given Miss Perley. Refreshments were served buffet style. Miss Perley, daughter of Mrs. Thelma Perley of Decatur and Mr. Spiess, son of Mr. and Mrs. Alvie Spiess will be married in St. John's Evangelical church May 1.

Mrs. John Scarth is spending much time in the home of her father, William C. Brockmar who is ill in his home in Joliet. Mr. Brockmar, who is 77, is assistant supervisor for Joliet township. He has been ill for a month and has become worse the past week.

Mr. Frank Sievert who suffered a severe heart attack March 15 is able to be up and around his home for short times.

A family gathering was enjoyed in the home of Mrs. Bertha Wallace April 10 when her children helped her celebrate her 72nd birthday. She received many lovely gifts and later ice cream and cake were served.

Mr. and Mrs. Fred Lehmann and family spent Easter with her brother, Mr. and Mrs. Byron River at Oak Park. Also joining them were another brother, Dr. and Mrs. Louis Rever and family. Jerry Lehmann, a student at Oberlin college at Oberlin, O., spent last week spring vacation at the home of his parents, Mr. and Mrs. Fred Lehmann. He returned Monday to college.

Randy Spiess, 2½ months old son of Mr. and Mrs. Gordon Spiess of Joliet underwent a second operation in Silver Cross hospital last Tuesday. He is doing nicely and returned home Wednesday.

The Women's Guild of St. John's church met last Thursday afternoon. The president, Mrs. Alma Lauffer opened the meeting with prayer. Mrs. Edwin Dunham presented the devotionals. As Rev. Riemann showed colored slides on "Great Personalities" Mrs. Roy Kropp narrated. The society donated \$10 to the Cancer fund. Plans were made for a rummage sale to be held May 25. It was announced that the mother daughter banquet will take place April 30. The group presented Mrs. William Riemann with a corsage in honor of her birthday that day.

New members joining were Mrs. Fred Wilner and Mrs. Rudolph Englehart. Serving were Mrs. Bert Spiess, chairman, assisted by Mesdames Milton Bettenhausen, Harold Cooper, Robert DeForest Charles Hacker, George Kreml, Gust Long, Herman Lorenz, Peter Mancke, Adolph Steen, Harold Warning and Fred J. Yunker.

Dinner guests Easter in the Harold Spiess home were Mr. and Mrs. Gordon Spiess and family, and Mr. and Mrs. Emil Breithauer of Blue Island.

Mr. and Mrs. Roland Knippel and Mr. and Mrs. William Knippel of Frankfort were dinner guests Easter in the Lester Schiek home.

Cook of the Week

This week's recipe for a self-frosted lemon pie was sent in by Mrs. William Holbrook Woodland acres, Mokena. We would also like to hear from others who have favorite dishes and would like to pass on the directions to others.

Self Frosted Lemon Pie
3 tablespoons butter
3 tablespoons flour
1 1/4 cup sugar
1 1/2 cup milk
3 eggs
juice of 1 1/2 lemons
Beat butter to a cream in part of sugar. Stir in the well beaten yolk, the rest of sugar and lemon juice. Mix the flour with a pinch of salt. Mix 1/2 cup milk

and add to first ingredients. Then add the cup of milk and the whites well beaten. Turn in to deep pan lined with pastry and bake.

The children are very excited about our new colorful maps of the United States and of the world. We expect to journey to many new and interesting places during our study of the maps.

Room 104. We have been quite busy getting ready for Easter. We are proud of the Easter Egg tree. We drew faces on the eggs and then dressed them up as Mr. and Mrs. Easter Bunny.

Thursday, April 15 we gave an Easter play. "How Spring Helped the Easter Bunny." We have had lot of fun practicing.

On Feb. 6 the Primary teachers held a meeting with their principal, Mrs. Rauhoff and dis-

cussed Remedial Reading problems.

Benny Bettenhausen of room 101 who has been ill for some time is slowly recuperating at his home. He won't return to school.

The Primary rooms are all decorated for Easter. The annual Easter egg hunt will be held this week.

Room 107 are working on Plays to present to the other First Graders.

Room 102 led the Easter Parade with their Easter bonnets. The hats were the envy of everyone. The Easter Bunny has made an early visit to class to admire all our baskets.

Peter Cottontail time has really arrived for first graders. They have made big bunnies with pink ears and cotton tails. The children will take them home for decorations. They also have made colored baskets and dyed eggs to put in them and perhaps they may find a surprise in the baskets too!

The children have worked out an art motif using the theme April showers. They made umbrellas and flowers and attached them to the walls with scotch tape. It is very pretty and colorful.

Boys and girls in the first grade are just realizing they can read independently. They have discovered that printing is something to be read. When children reach this point in their command of basic tool subjects they are delighted and eager. Within the past month many boys and girls have done fine original composition. They have taken to writing notes to each other, to mother, to the teacher. How proud and happy they are with themselves! This

is truly growth and independence for first graders who a few short months ago were taking their first step on the road to maturity. —Miss Isabelle Kelly, Grade 2.

Notice**DOG LICENSE AND RABIES VACCINATION 1954**

Dog Licenses, for owners and keepers of dogs in the Village of Orland Park will be due May 1st and residents are hereby notified that they will be subject to penalty, as prescribed by ordinance, for failure to register their dogs.

The license fee for both male and female dogs will be \$4.00, and tags will be available at Village Hall, Tuesday evenings from 7:00 to 8:30 p. m.

For those who have not complied with the compulsory rab-

ies vaccination order, now in effect for all of Cook County under provision of Section 19 of the Illinois Rabies Law, The Village Board has arranged to have Dr. Robert Lawrence come to Orland Park, Saturday May 1st at 4:00 p. m. Dr. Lawrence will vaccinate all dogs brought to the Village Hall on that date. The fee for each dog will be \$1.50, payable to Dr. Lawrence.

Proof of rabies vaccination for the current period will be required before a dog license will be issued.

New strength and stamina! Lower upkeep costs!

**New Chevrolet Trucks...**

do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on ½-, ¾- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you

get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thriftmaster 235" engine, the "Loadmaster 235" and

the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

CHRISTIAN SCIENCE

That unwavering obedience to the eternal demands of Christ is the only way to individual salvation and progress will be brought out at Christian Science services this Sunday.

The Lesson-Sermon entitled "Probation after Death" includes the following passage from the Bible:

"Wherefore, my beloved, as ye have always obeyed, not as in my presence only, but now much more in my absence, work out your own salvation with fear

and trembling" (Philippians 2:12).

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read:

"Vibrating like a pendulum between sin and the hope of forgiveness, selfishness and sensuality causing constant regression, our moral progress will be slow. Waking to Christ's demand, mortals experience suffering. This causes them, even as drowning men, to make vigorous efforts to save themselves; and through Christ's precious love these efforts are crowned with success" (22:3).

The Golden Text is from Psalms:

"Examine me, O Lord, and prove me; try my reins and my heart" (26:2).

MOUNTED PLOWS are the trend

Here's the best in the business — Allis-Chalmers mounted plows, "built on the square" with SNAP-COUPLER. Rugged, tough, and efficient, these plows are built of steel that absorbs shock like truck springs. They provide extra ground clearance.

Try one. Back a CA, WD, or WD-45 Tractor into the model of Allis-Chalmers mounted plows which fits your needs. Drop it into the ground. See the difference that a close-coupled, free-swinging mounted plow makes. And if the going is tough, watch TRACTION BOOSTER increase your pull power.

Call us to arrange a demonstration today. We have the right size and style of mounted plow to fit your farm.

SNAP-COUPLER is an Allis-Chalmers trademark.
